

SA PRO 2024 SCHEDULE

About the Zoom Sessions

The content of the course is taught via recorded videos. The Zoom live calls are supplemental so don't worry if you can't make them live – plenty of people watch the recordings rather than attending live.

We use the same link for every Zoom call so no scrabbling around looking for links last minute: julienasmith.com/zoom.

To make things super easy for you (I'm all about easy!) the Zoom recordings come with captions and are fully searchable.

A word on time zones

All the events in this schedule are listed in my time, which is mountain time (MT).

I learned over the years that the easiest thing to do is give you the heads up and a link to a time zone converter. That way, you can work it out based on where you are.

This is a time zone checker that I really like: <https://dateful.com/time-zone-converter>.

Week 1

MAR 18	12pm MT/ 2pm NY / 6pm UK / 7pm CET	 Module 1 released
